OFFICE OF PETITIONS

Applicant herewith petitions to revive the subject application.

Applicant herewith states that the abandonment of the subject application was unintentional.

Applicant herewith states that the entire delay from the due date for reply to the date of filing of a grantable petition was unintentional.

This application is an entry into the National Phase of a PCT application.

MAIL STOP DAC

I hereby certify that this correspondence is being deposited with the United States Postal Service as first class mail in an envelope addressed to: Commissioner for Patents, P.O. Box 1450, Alexandria, VA 22313-1450.
On 7/14/03

The application was filed on January 22, 2002. However, this date is outside of the 20 month term for the entry into a National Phase for this particular application.

Accordingly, the subject application should have become abandoned. However, the late filing of the entry into the National Phase was not noticed by either applicant or the U.S. PTO and prosecution on the application commenced.

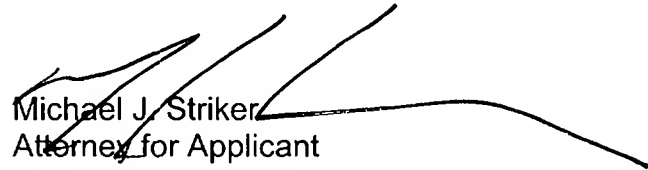

It has now been noted that the entry into the National Phase was in fact not timely. Accordingly, the application should have become abandoned and should be abandoned and revived at this time so that the problem with the late filing of the entry into the National Phase will have been overcome.

Accordingly, abandonment and revival and subsequent revival of the subject application is respectfully requested.

It is further requested that the Petition fee be debited to the account of the undersigned #19-4675.

Applicant recently caused to be filed an Amendment and a Supplemental Amendment, and accordingly no further responsive documentation need be filed at this time.

Respectfully submitted,

Michael J. Striker
